## COMPANION VOLUME TO **12 RULES FOR LIFE** PROVIDES ANOTHER SET OF PRACTICAL COUNTERWEIGHTS TO MODERN PERILS

While chaos, in excess, threatens us with instability and anxiety, unchecked order can petrify us into submission. *Beyond Order* provides a call to balance these two fundamental principles of reality itself, and guides us along the straight and narrow path that divides them.

In *12 Rules for Life*, clinical psychologist and celebrated professor at Harvard and the University of Toronto **Dr. Jordan B. Peterson** helped millions of readers impose order on the chaos of their lives. Now, in this bold sequel, Peterson delivers twelve more lifesaving principles for resisting the exhausting toll that our desire to order the world inevitably takes.
